

## 2009-10 Budget

### Separate Proposal

In addition to the regular advertised budget, the board of education will seek approval from the district's legal voters to raise an additional \$1,140,882 to continue one music teacher at the Middle School to maintain existing class size, to continue with ten existing teaching positions at the High School to maintain existing class size, to continue with one existing nurse shared between the High School and Middle School, to replace five retiring existing teachers at the Elementary Schools to maintain class size, to continue with three existing elementary teachers to maintain existing class size, to continue with one existing Middle School teacher and to maintain existing freshman athletics. The taxes, if raised, will be used exclusively for these purposes. Approval of these taxes will result in a permanent increase in the district's tax levy. These proposed additional expenditures are in addition to those necessary to achieve the Core Curriculum Content Standards.
